## About Me

Hello ✋, I'm Jonah!

I'm a self-taught Full-stack web developer(backend heavy).
I've being programming for a year now and I have some live projects under my belt. I built a fully functioning Netflix clone site. I've also built a social media platform that has a bit of a mix of facebook, twitter and instagram. I'm also working on developing an E-Commerce Website. I'm opened to working either remotely or at location.
